Being mindful of the impact on the environment we operate in, and promoting a broader sustainability agenda, are integral to Rubax operational activities and Management strategy.

Our sustainability policy is based on continuous improvement and a commitment, where practicable, to the following: -

- Maintain and develop our ISO 14001 Environmental Management System.
- Comply with applicable legislation, regulations and codes of practice.
- Take sustainability considerations into our business decisions.
- Provide staff with training to meet changing legislative and business requirements.
- Engage with clients and suppliers to improve awareness of sustainable management practices.
- Provide suitable energy and/or life-cycle optimised product options to customers.
- Measure and periodically review performance.
- Communicate this Policy to all staff.
- Share this policy with interested parties.

We aim is to play an active role in contributing to improving sustainability where we have an influence.
