

Environment Policy Statement

Rubax Lifts Ltd is involved with the installation, modernisation, refurbishment, repair and contract maintenance of lifts.

We recognize that our activities can have a negative effect on the local, national and global environment and are committed to managing our environmental impacts effectively, thereby protecting the environment and preventing pollution.

Our Environmental Management System (EMS), policy and procedures provide the framework for setting and reviewing our environmental objectives and defined targets.

Having considered, in the context of our organisation, interested parties and our activities giving rise to potential risk of impacting the environment, we will;

- **Conduct our operations in compliance with all relevant legislation and with other applicable requirements to which we subscribe, such as membership with trade associations and other responsible authorities.**
- **Work to continually improve the effectiveness of our EMS, focusing on our significant aspects i.e. Waste Management and CO2 emissions.**
- **Ensure our environmental policies and procedures are defined, implemented, maintained and communicated to employees and other interested parties.**
- **Provide our team of employees with suitable and sufficient information, equipment, instruction and training to support compliance with applicable environmental legislation and our EMS requirements.**
- **Maintain mechanisms that determine the significance of our environmental impacts and develop suitable objectives.**

The Managing Director is responsible for Rubax environmental performance, implementation of this policy and the EMS.

The EMS applies to all Rubax activities and all employees.

Rubax Managers have day-to-day responsibility for the implementation of the policy and procedures.

The QuESH Manager is responsible for establishing and maintaining the EMS.

This policy statement will be made available to the public, customers or suppliers on request. Senior Management will review the policy and EMS on an annual basis or sooner if the need arises.
